## SKILLS

**Front End Development** (HTML5, CSS3, Javascript)

**Responsive Web Design** (Media Queries, Flexbox, CSS grids, Bootstrap)

**Javascript programming** (ES6, ES7, DOM MANIPULATION)

**Version Control** (Git, Github)

**UX/UI design** (Prototyping, Wireframing, User-centered design)

**Image&Vector manipulation** (Inkscape, Gimp)

**Testing/Debugging** (Cross-Browser compatibility, Performance optimisation, Error handling)

**Problem solving** (Algorithms, Data structures, Critical thinking)

**Project Management** (Agile methodologies, Task prioritization, Team Collaboration)

**Communication** (clear, concise, active listening, collaboration )

## EXPERIENCE

**Freelance Designer & Front End Developer**, [3 Years]

- Created graphic and web designs with **HTML5**, **CSS3**, and **Javascript** for a variety of clients, including **logos**, **websites**, **brochures**, and **social media graphics**.
- Communicated with clients to understand their **needs** and provided **multiple design** options to choose from.
- Utilized **Adobe Creative Suite**, including **Photoshop**, **Illustrator**, and **InDesign**, to create designs that were both **aesthetically pleasing** and **functional**.
- Managed **multiple projects simultaneously**, **meeting deadlines** and providing timely updates to clients.

**Founder & Full stack developer** [ 3 months ], frame genesis

- Designed and developed the **website layout** and **graphics** for the **online learning** community
- Created a **brand identity** for the online learning community, including **logo design** and **color scheme**
- Designed and **formatted PDF** courses for various topics, including **graphic design**, web design, and **user experience design**
- Created **course materials**, including handouts, **worksheets**, and slides
- Designed **promotional materials**, including social **media graphics** and **email newsletters**, to promote **the courses** and the **online learning community**
- Developed **user interfaces** and **user experience design** for the online learning platform, including navigation and **interaction design**
- Designed **interactive elements** for the courses, including **quizzes** and **exercises**
- Created **multimedia** content for the courses, including **videos** and **animations**
- **Designed** and **developed** landing pages for each course to **attract** potential students and provide information on the **course content** and **benefits**.
- **Designed** and **developed** a **comprehensive web application** focused on providing **global access to computer science, robotics**, and other **tech-related fields**
- Implemented **data structures** and **algorithms** to **optimize** performance and ensure **efficient data management**.
- Conducted thorough **testing, debugging**, and **performance optimization** to deliver a seamless **user experience**.
- incorporate **cutting-edge features** into the application

## EDUCATION

### Université Abdou Moumouni de Niamey (Advanced Math & Computer Science)

November 2021 - May 2022

- **Fundamentals of C programming**
- **Introduction to HTML**
- **Advanced Calculus**

### freeCodeCamp (Responsive Web Design)

November 2022 - January 2023

- **Advanced HTML5**
- **CSS3 grid layouts & flexbox**
- **Advanced CSS3 animations**

### freeCodeCamp (Javascript, Algorithms & Data Structures)

February 2023 - May 2023

- **ES6**
- **Regular expressions**
- **Basic Data Structures**
- **Basic Algorithm Scripting**
- **Object Oriented Programming**
- **Functional Programming**
- **Intermediate Algorithm Scripting**

### freeCodeCamp (Front End development libraries)

February 2023 - May 2023

- **Bootstrap**
- **Jquery**
- **Sass**
- **React**
- **Redux**

#### **ALX Software Engineering Program x Holberton programming school**

Février 2023 - April 2023

- **Command Line Editors VIM, EMACS**
- **Version Control with Git**
- **Bash scripting, Redirection, filters, UNIX file system**
- **Advanced C programming**

### **CERTIFICATIONS**

**Responsive Web Design Certification — [freeCodeCamp]**

**Javascript Algorithms and Data Structures Certification — [freeCodeCamp]**

**Front End development libraries and frameworks — [freeCodeCamp]**

**Legacy Front End Certification — [freeCodeCamp]**

### **LANGAGES**

**English - Proficient**

**French - Fluent**

**Hausa - Native**

### **INTERESTS**

**Swimming**

**Cryptocurrency**

**Ethical Hacking**

**Tech&Science**

**Business Analytics**

**Visual Arts**

**Jazz&Instrumentals**
